EXERCISE – 2

Question

Execute and display the results of the following commands in Kali Linux Operating System:

1. less command
2. more command
3. vi command

Aim

To execute and display the results of the less, more, and vi commands in Kali Linux.

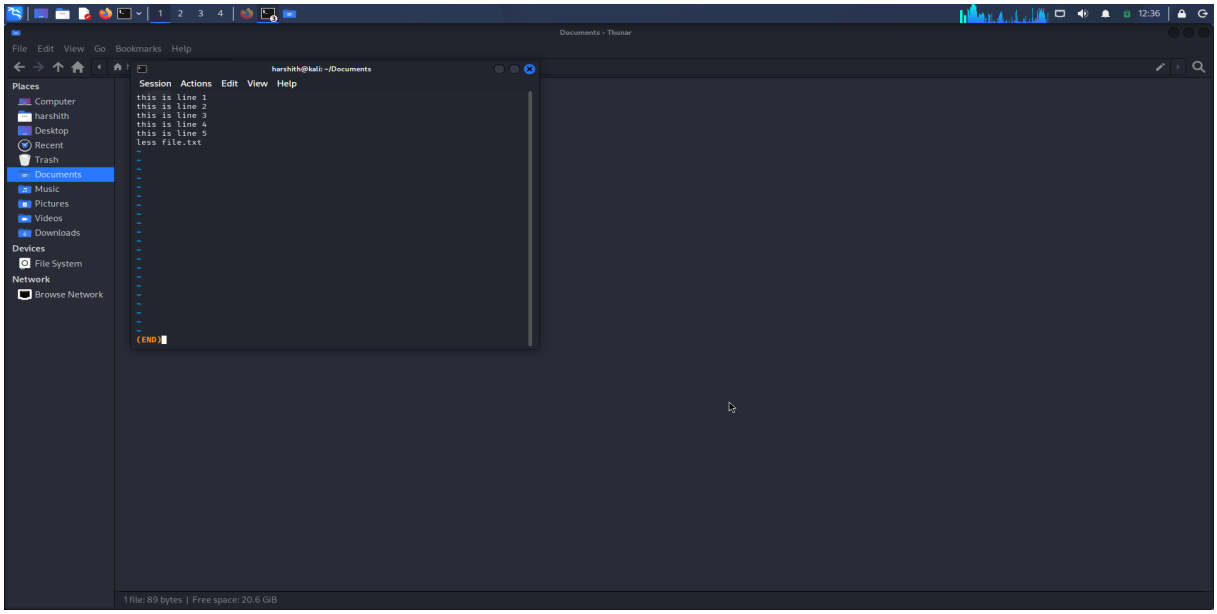

1. LESS COMMAND

Command:

less file.txt

Use:

The less command is used to view the contents of a file page by page.

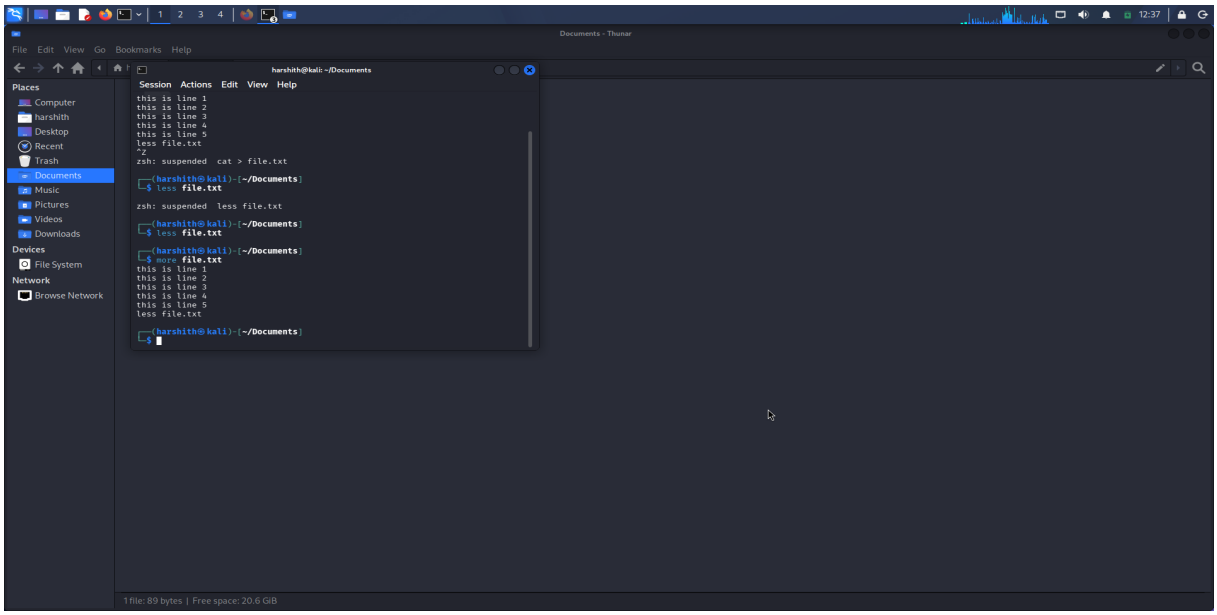

2. MORE COMMAND

Command:

more file.txt

Use:

The more command is used to display the contents of a file one screen at a time.

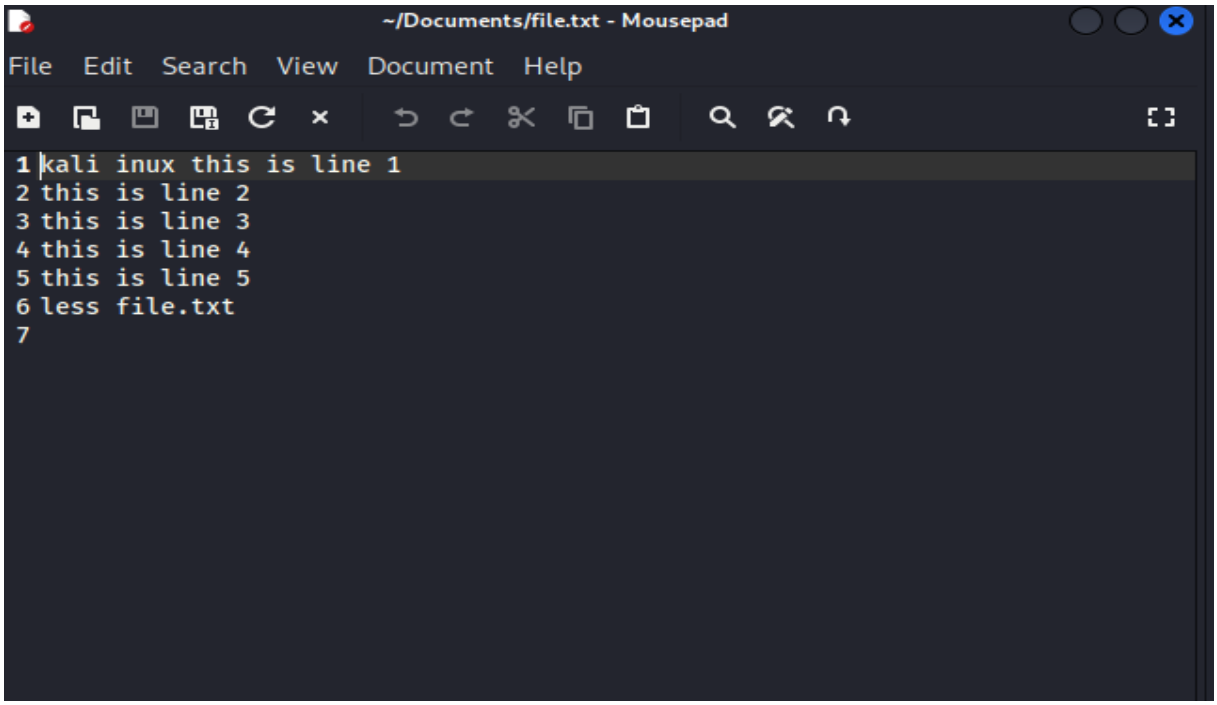

3. VI COMMAND

Command:

vi file.txt

Use:

The vi command is used to create and edit text files using the vi text editor.

Result

Thus, the less, more, and vi commands were successfully executed in Kali Linux and their results were displayed.
